Website packages

PROPOSED PRICING | All prices in PNG kina (PGK)

Starter Website — K1,000 once-off

A simple first step online.
One page with up to five sections: business introduction, services, photos, location and contact details. Includes mobile-friendly design, up to five supplied images, click-to-call and WhatsApp links, social links and basic search titles/descriptions.
Revisions: two consolidated rounds. **Target delivery:** 5-7 business days.

Business Website — K2,200 once-off

More room to tell your story.
Up to five pages, such as Home, About, Services, Gallery and Contact. Includes up to 15 supplied images, one enquiry form, a location link or map, social links and basic search titles/descriptions.
Revisions: two consolidated rounds. **Target delivery:** 10-15 business days.

Product Catalogue — K3,500 once-off

Showcase products and receive enquiries.
Up to five core pages plus a catalogue with up to 30 products, up to five categories and one supplied image per product. Includes product enquiry links through WhatsApp or email and everything relevant in the Business package. Stock management, checkout and online payments are separately quoted.
Revisions: two consolidated rounds. **Target delivery:** 15-20 business days.

Each website package includes domain connection, HTTPS setup where supported by the selected host, and launch checks. Domain purchase, hosting and email subscriptions are separate. Delivery starts after the deposit and complete content are received.

Profiles, care and extras

Choose the support and features your project needs.

Personal / Public Profile — K2,500 once-off

Up to five pages for a professional, community leader or election candidate: biography, client-approved public information, announcements, gallery and contact. Includes up to ten initial announcements and 15 supplied images. Two revision rounds; target delivery 10-15 business days. Content updates after launch require a care plan or separate quote. Paid advertising, campaign strategy and donation systems are outside this website package. Poster design and optional printing are separately quoted; see page 4.

Monthly website care

Optional plans below cover a simple brochure, catalogue or profile website. Third-party email, domain renewals and paid software are separate.

Essential Care | K100 / month

Standard hosting budget up to K30/month, HTTPS oversight, monthly site/link checks and a retained copy of site files. No routine content edits.

Business Care | K200 / month

Essential Care plus up to 30 minutes of minor text/image edits per month. Target first response within two business days.

Active Care | K400 / month

Essential Care plus up to two hours of minor updates per month. Suitable for regular news, product or profile updates. Target first response within one business day.

Optional extras - proposed fees

Additional standard page: **K250** | Additional product: **K30**
Extra revisions or updates: **K100/hour** (30-minute minimum)
Business email setup: **K150** for up to two mailboxes, excluding subscription
Basic logo design: **K400**, two concepts and two revision rounds
E-commerce, bookings or custom integrations: **quoted after scoping**

Clear scope. Clear costs.

Proposed commercial terms and a worked cost example.

Payment and project scope

50% deposit to commence and 50% before launch. Recurring care is billed monthly in advance. A quotation confirms the pages, features, revisions and timeline. Additional work requires approval before it is charged.

Client content and approvals

Clients supply final text, logos, product information and photos they have permission to use. Basic formatting and proofreading are included; substantial copywriting, photography and translations are separately quoted. Clients approve all content before publication.

Domains, subscriptions and renewals

Register domains in the client's name. Domain registration and renewal, email licences, premium plugins and transaction fees are charged separately at the approved supplier cost. Care pricing includes only the hosting allowance stated; any excess is agreed in advance.

Support and ownership

Care time does not roll over. Minor edits cover existing pages; redesigns, new features and new pages are additional. Business days are Monday-Friday, excluding agreed public holidays. Response targets acknowledge the request; completion depends on scope. After full payment, clients receive agreed site files and account access, subject to third-party licences.

After launch

Website packages include 30 days of correction support for defects in the agreed build. New content and feature requests are excluded. Monthly care can be cancelled with 30 days' written notice; prepaid third-party subscriptions follow supplier terms.

Example: first-year Business Website

Business Website: K2,200 + Business Care: K200 x 12 = K2,400.
Total: K4,600, plus domain, email and any approved extras or applicable tax. Ongoing annual care at the proposed rate: K2,400, plus renewals.

Proposal status: These are suggested Wantok Digital Solutions prices, not a market-rate survey or final quotation. Confirm supplier costs, delivery capacity and tax treatment before publishing. No tax is added in this proposal; final quotes must state whether applicable taxes are included or additional.

Poster design and printing

QUOTE-BASED SERVICE | For election candidates and small businesses

Poster Design Only — Custom quotation

Custom campaign or business promotional artwork designed around your preferred style, colours, supplied photos and approved message. Includes a print-ready PDF in the agreed size and printer specifications. Concepts, revision rounds, additional sizes and digital versions are confirmed in the quotation.

Poster Design + Printing — Custom quotation

Design plus optional print coordination through a third-party printing company. The quotation sets out design and coordination fees, printing costs and any agreed delivery charges. Printing is outsourced; Wantok Digital Solutions coordinates the agreed work.

What determines the price?

Design complexity, number of concepts and sizes, revision rounds, poster quantity, paper stock, finish, printer production time and delivery location. No fixed printing rate applies; supplier costs are confirmed for your job.

What to include in your request

Poster purpose, size (for example A4, A3 or A2), quantity, preferred colours and style, paper or finish, required date and delivery location. Supply final text, logo and photos you have permission to use.

Artwork approval and payment

You approve the final proof, quantity, print specifications and itemised quotation before production. The quotation confirms deposit and balance milestones; approved supplier printing costs must be funded before the print order is placed.

Separate from website packages

Poster services can be ordered alone or alongside any website package. They are not included in the Personal / Public Profile website price. Extra revisions, reprints or changes after proof approval require a further approved quotation.
